

Great Plants.

Early Season Pricing.

More Time to Decide.

Pleasant View takes the stress out of ordering by offering **early season pricing through January 15, 2010**. That gives you more time to evaluate the market, plan your space, and decide which plants to select. Our commitment to customer service and to extending early season pricing allows you to put together complete Proven Winners and Proven Selections packages, while keeping your costs down.

That's the Pleasant View advantage. For more information, contact your favorite broker or Pleasant View at 603-435-8361.
